Summary of Legislation: This bill removes the definition of "limited criminal history" from the law concerning criminal history information. It changes references in the Indiana Code from "limited criminal history" to "criminal history data". The bill also repeals and replaces a provision concerning release of criminal history data to noncriminal justice organizations to: (1) make a technical correction; and (2) allow release of the data if the subject of a release request is employed by an entity that seeks to enter into a contract with a public school or a nonpublic school and the subject is expected to have direct, ongoing contact with school children. The bill repeals provisions that require: (1) the Indiana Central Repository for criminal history information to process requests from certain persons for a limited criminal history check from the Federal Bureau of Investigation's National Crime Information Center; and (2) the State Police Department to limit access to the limited criminal history of certain persons.
